### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicants, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The numeral "17" in the sole line of claim 23 has been changed to --20-- in order to correct an obvious error in claim dependency. This correction provides proper antecedent basis for the phrase "the filter composite" in claim 23. A "filter composite" is first recited in claim 20, not claim 17.

### **EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: The prior art fails to teach or fairly suggest a filter and method of making a filter with the filter medium or composite folded multiple times in a zig-zag manner or fashion forming a plurality of pleats including a pair of pleat legs joined in a tip region having a non-bulbous tapered shape with an end at an apex of the pleat wherein the thickness of each pleat tip region at a point spaced one to four pleat leg thicknesses from the end of the pleat tip region is less than or equal to twice the pleat leg thickness.

Art Unit: 1724

Any comments considered necessary by applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
